## Partner News & Updates

### Everstream's Virtual Dedicated Internet Access

Multi-site businesses often struggle with IP management and efficient utilization of their bandwidth. [With Everstream's Cloud-based Virtual Dedicated Internet Access](#), your business has one, shared public IP address that can be used for all locations -- eliminating the hassle and inefficiency of administering and managing multiple IP addresses for multiple sites.

Recently, a multi-site public library system upgraded to V-DIA service with Everstream. With 19 branches to serve hundreds of thousands of residents, the library had a cable internet connection for its cardholders and guests.

Instead, Everstream delivered a Point-to-Multipoint connection with both Dedicated Internet Access and VDIA to serve each of the customer's locations, employees and cardholders. [Read more.](#)
